

# Cynjim Alpacas' Newsletter

Strafford NH's *First* Alpaca Farm

FALL/WINTER 2008/09

## Cynjim News!

Welcome to Cynjim Alpacas' newsletter... Our intention is to use this newsletter to inform you of our upcoming shows, events and what is happening at our farm. If you want to join our mail list, send an email to [cyndi@cynjimalpacas.com](mailto:cyndi@cynjimalpacas.com) to sign up.

## Who we are!

We are Cyndi & Jim. We own the largest privately owned herd in Strafford NH. What this means is that all animals on our farm are owned by us. Wouldn't you prefer to buy from the owners than a middle man? We plan on staying small enough to give each animal the individual care that they deserve.

## ALPACA NEWS

We currently have 13 alpacas on our farm. We have 2 expected this fall, 1 in Sept and the other in Oct. Wakiya is being added to our herdsire row this fall. He is a gorgeous fawn that I'm sure the girls will love!!! We are now offering alpaca 'day-care' and farm sitting. Call/Email us if you would like more information on these new services!

## ALPACAS for SALE

### FEATURED FEMALE

*Cynjim's Amitola* – A maiden female that is currently bred to Grand River Vencel of Elf-Paca Meadows, Rochester NH. \$12,000

### HERDSIRE

*Puccini* – A proven male with a small group of offspring on the ground. We are offering him as we own his brother. Wow, your own herdsire for the cost of a few breedings!! \$4000

### GELDINGS-

*Arthur* (White), *Candido* (Grey), *Prince* (Black) and *Moki* (Med Brown) are being offered at a package price of \$3000. An instant fiber herd!!

## ALPACA PR NEWS

Alpaca PR is a group of farms that have joined together to better serve our customers. By combining, we are able to offer a better selection of alpacas for a better deal! If you purchase 2 or 3 breeding stock alpacas, you receive a 10% discount. If you purchase 4 or more breeding stock alpacas, you receive a 15% discount.

We now have over twenty herdsires to choose from! Save 15% off the breeding when you 'drive-by' your female.

We also have a wide variety of geldings that would make a great addition to any fiber farm.
